When I reflect upon my first year as Ski & Snowboard Club Vail Executive Director, I often think about the messages from former SSCV athletes regarding the extraordinary impact that SSCV has had on them not only during but after their time at SSCV. This is not possible without world-class coaches who are capable of developing the skills required for each athlete to reach their full on-snow potential alongside cultivating the character traits needed for each athlete to work hard and push themselves beyond their comfort zone to be their very best both on and off snow.

Greatness in all walks of life - whether in athletics, academics, the workplace, and even interpersonal relationships, comes from the inner strength and resilience needed to push oneself beyond their limits. I am proud to be part of a youth organization with an outstanding coaching staff capable of developing character traits in our young athletes which will serve them well beyond their years at SSCV.

SSCV must achieve its \$700,000 Annual Campaign goal to attract and retain exceptional coaches across all age levels who possess the skills needed to have this extraordinary impact on our athletes. I hope you find the enclosed quotes from former SSCV athletes an inspiration for you to support SSCV's 2022-2023 Annual Campaign.

SSCV Annual Campaign details and SSCV's Guide to Getting Involved are both enclosed. I encourage you to contact SSCV Director of Advancement Sharon Schmidt for more information at [sschmidt@skiclubvail.org](mailto:sschmidt@skiclubvail.org) or 978-621-8738.

I sincerely appreciate your consideration of support of the 2022-2023 Annual Campaign. With your involvement, continued success lies ahead for SSCV athletes. Your generosity is critical and meaningful in supporting their lifelong trajectory!

Looking forward to a great 2022-2023 season!

Sincerely,

John Hale  
Executive Director  
**Ski & Snowboard Club Vail**

Enabling youth within the Vail Valley to realize their potential in their chosen snow sport

Inspiring character growth and excellence.
